

END OF THE LINE

END OF THE LINE

You know you have made it if you are on the guest list for the 'The Line'. Elusive. Illegal. The club is the place to be in the Helsinki nightlife. These are the parties you only hear rumours about. The rich and the poor mix with the criminal and the insane. Here are more drugs, weirder sex, cooler dance moves and better music than most can handle.

The club moves from location to location to elude the police. This time it will be held at a closed insane asylum in the centre of the city.

The Line has two simple rules:

If you want to do something, do it!

If you hold back, you will not be invited again!

So you better make sure you give everything this night.

You know The Line is a dangerous place. It looks like a squat. All guests might not leave the party alive. But that does not matter. The only thing that matters is that you are on the list!

You cannot wait. This will be the most exciting night of your life.

EXPERIENCE THE FIRST LARP FROM WHITE WOLF PUBLISHING

End of the Line is a vampire larp designed from the ground up to utilize the best elements from Nordic Larp, to give you an intense personal experience. You will be cast as either one of the Kindred or a mortal and step into a World of Darkness that just might be the world we already live in.

Life is not easy in a world filled with undead monsters, and when every risk brings a sweet reward, you might think that survival is overrated. One thing is certain: You will hunt or be hunted. The question is, how do you know?

End of the Line will be quite physical. You, of course, set your own boundaries and always have the option to opt out of a scene. However, it's possible you might witness actions such as kissing, nudity or face slapping.

This larp is an experimental exploration of White Wolf's new direction for vampire larp. Together, we will try out new mechanics and methods to simulate classic vampire things blood drinking, sex and supernatural abilities. No previous knowledge of Vampire: The Masquerade is needed.
